

Discover STEM at Tahawus Center

2017 SUMMER 5-DAY SCIENCE LAB CAMP

July 10-14, Monday-Friday mornings
2 Levels: ages 8-10 and 11-12 years

SOLIDS and SOLUTIONS This is the summer to have fun with Chemistry and Experiments! Investigate super saturated solutions, make borax crystals, discover non-Newtonian fluids—are they solid or liquid? Explore air pressure and gas laws.

FIELD ECOLOGY Students study the *ecosystem* at the confluence of the East and West Branch of the Ausable River. Identify trees, plants, flowers and insects. Discover! Explore! Have fun doing science!

Students investigate these events by experiencing them first hand. They develop critical thinking skills and problem solving as they build and design their own projects. Small classes, hands-on learning. Reserve a place today!

LOCATION: Tahawus Center, 2nd Fl
14234 Rte. 9N, by the bridge
Main St. Au Sable Forks 12912
Info: 646-734-7151 TahawusCenter@gmail.com

Download Registration Forms: www.TahawusCenter.org

Casella's Waste Systems is a founding and leadership supporter of the Science Lab. Other Programs at Tahawus Center have also been made possible with support from Ausable Dental Center, Community Bank, CAP Grant made possible by the Essex County Town Supervisors, Lake Placid Education Fund, Puffin Foundation, and Stewarts Shops. Tahawus is a program of the 501c3 Appleby Foundation, Inc.
